DEFINITION:
Under general supervision, to be responsible for the operation, maintenance, and repair of swimming pools and equipment; and to do other work as required.

JOB CHARACTERISTICS
The position in this class differs from the position in the next lower class, Pool Maintenance I, in that this class has the overall responsibility for the maintenance, repair, and operation of swimming pools and related equipment. The class requires the skills necessary to repair mechanical equipment.

EXAMPLE OF DUTIES AND RESPONSIBILITIES:
Depending upon assignment, duties may include, but are not limited to, the following:

1. Repairs and maintains pumps, compressors, filters, and other mechanical apparatus and equipment.
2. Orders and budgets needed supplies.
3. Prepares work schedules.
4. Tests pool water to determine chlorine content and adds chemicals or adjusts chlorine supply to bring water in pool to pre-determined standards of content and alkalinity.
5. Starts and stops circulating pumps, disconnects used chlorine cylinders and connects full cylinders.
7. Prepares pool for special events, raising or lowering water level, raising diving boards, stringing lane lines and installing other special equipment.
8. Maintains cleanliness of pool, decks, and surrounding areas.
9. Performs other related duties as assigned.

EMPLOYMENT STANDARDS:
Knowledge of:
1. Materials, equipment, terminology and methods used in pool maintenance.
2. Standard swimming pool safety precautions.
3. Methods and tools to repair pumps and motors and related mechanical equipment.

Ability to:
1. Demonstrate understanding of, sensitivity to, and respect for the diverse academic, socio-economic, ethnic, cultural, disability, religious background and sexual orientation of community college students, faculty and staff.
2. Participate in appropriate training in hazardous materials handling, storage, and disposal; follow designated policy and procedures for Haz-mat identification, storage and disposal; maintain standards related to environmental compliance and personal health and safety as required.

3. Use a computer for entry and retrieval of information for work assignments.

4. Repair and maintain pumps and motors and related mechanical equipment.

5. Train and supervise the work of others.

Experience: 
1. Two years of experience as Pool Maintenance I or in work involving procedures similar to those used in pool operations including repair of pumps, motors, filter systems, and other mechanical equipment.

Education: 
1. High school diploma or equivalent.

Date Approved: March 1993
